PROFESSIONAL PROFILE

Experienced MERN Stack Developer with a strong background in building scalable web applications. Proficient in JavaScript, Node.js, and Next.js, with a proven track record of delivering projects on time and optimizing system performance. Skilled in agile methodologies and cross-functional team collaboration.

WORK EXPERIENCE

MERN Stack Developer

Sep 2024 – Sep 2025

Implies Solutions

- Developed and maintained high-performance web applications using Node.js, MongoDB, and Next.js.
- Collaborated with cross-functional teams to design and implement scalable software solutions.
- Ensured application performance, quality, and responsiveness while enhancing user experience.
- Implemented robust security and data protection measures.
- Successfully delivered multiple projects on time using Agile methodologies.

PROJECTS

Discover Zone (Final Year Project)

Psychology-based Web Application

- Developed a comprehensive web application using the MERN stack (MongoDB, Express, React, Node.js).
- Features include MBTI personality tests, cross-cultural psychology modules, neuropsychology resources, and parenting skills consulting.
- Implemented secure user authentication and authorization (JWT) to protect sensitive course content and user data.
- Designed an intuitive user interface for seamless navigation through consulting services.

TECHNICAL SKILLS

JavaScript (ES6+)	MERN Stack	Next.js	Node.js	React.js	MongoDB
REST APIs	Git / GitHub	Authentication / JWT	Agile Methodology
